

GLAZING SYSTEMS

ABOUT...

VenturiUK are the specification partner for a number of select manufacturers of bespoke high-quality building components in the glazing industry. Our team of experienced sales professionals offer technical as well as design advice to architects and consultants.

Liaising with all parties and involved, from concept to completion, on all types of projects ranging from small residential to large commercial. At the back of this brochure you will find a list of select projects that we have worked on in recent years.

VenturiUK perform professional and content-rich CPDs for most of the manufacturers we represent. The CPDs have been developed to give the audience a broader understanding of the options available to them. They have a focus on educational content and, at the same time, showcase the latest developments within the industry they represent. Over recent years we have conducted more than 500 CPDs to practices large and small.

For further references or general interest in our products, please do not hesitate to contact us at info@venturiuk.com or speak to one of our sales consultants on 0800 980 0660. Alternatively visit our website at venturiuk.com where all technical and sales brochures can be downloaded.

Venturi UK work with suppliers of high end steel and bronze glazing solutions working on commercial and residential projects of all sizes.

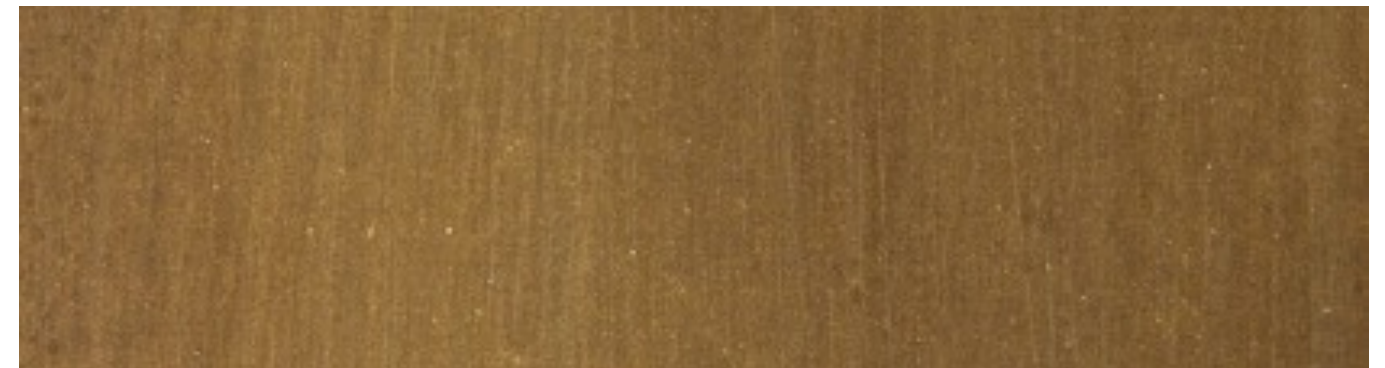

PAINTED STEEL

STAINLESS STEEL

BRONZE

Slim/Heritage

A slim window and door system ideal for the replacement of old metal windows to keep the slim sight-lines.

- > 45mm visible sightline (frame/leaf)
- > Thermally broken low U value 1.4
- > 50dB acoustic performance
- > Multiple glazing bead options

Heavy Duty

A high-performing thermally-broken window and door system which can achieve large sizes with high flexibility.

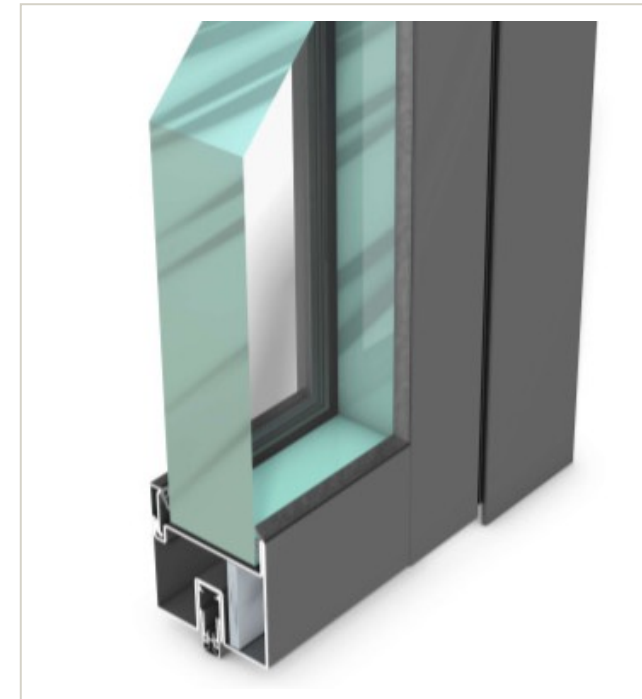

- > Windows up to 2.8m high/Doors 3m
- > Thermally broken 1.4 u value
- > Up to 49dB

Bullet Resistant

Bullet-resistant, non-insulated system in compliance with resistance classes FB4 and FB6 (with armouring/panelling) for doors and partition walls made of steel

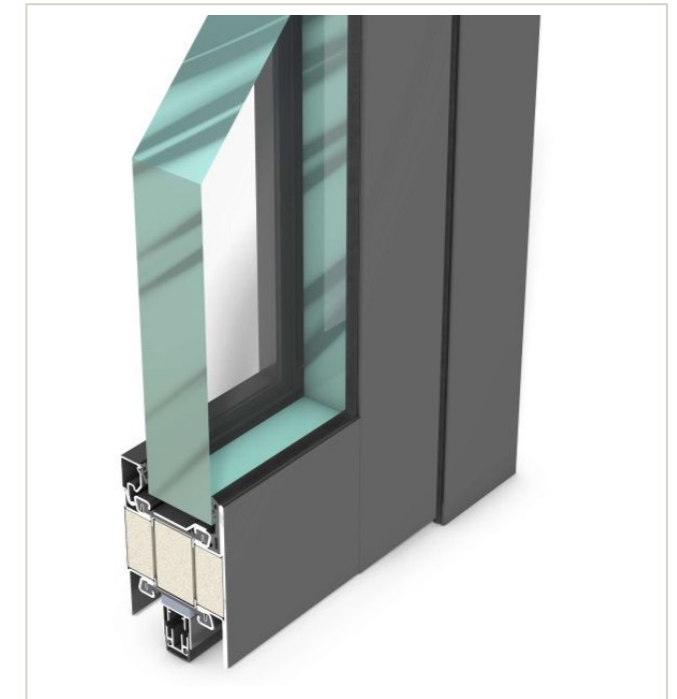

- > Certified to class FB4 and FB6

Skyglaze are a UK manufacturer of minimal sliding doors and flat rooflights. Using the best CNC machinery they manufacture minimal sliding doors to a tolerance of 1mm in truly gargantuan sizes..

PAINTED ALUMINIUM

ANODISED ALUMINIUM

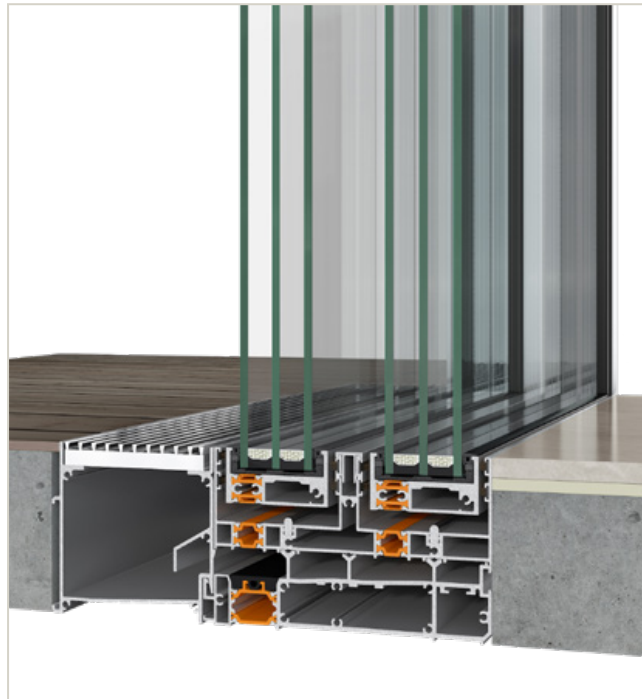

MINIMAL SLIDING DOORS

DOUBLE TRACK ♦ TRIPLE TRACK ♦ MOVING CORNER

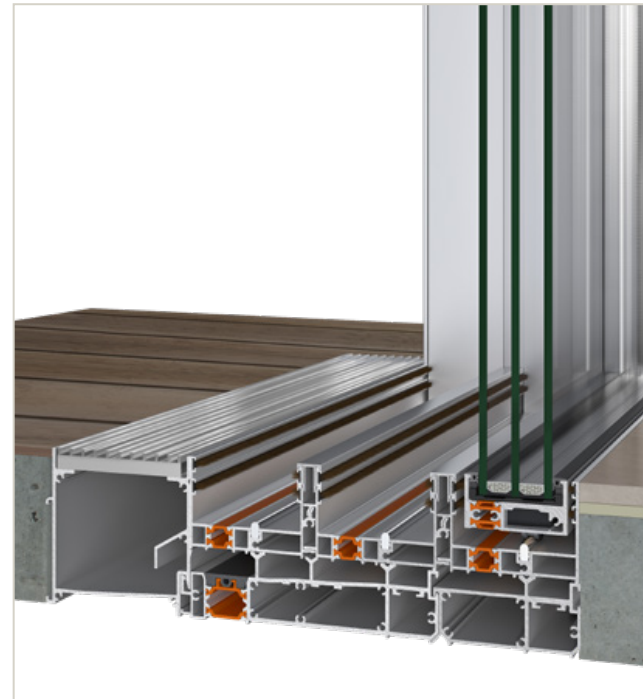

DOUBLE TRACK

- ▶ Two track 180mm deep
- ▶ With or without built in drainage
- ▶ Painted or Anodised Aluminium
- ▶ Double or triple glazing
- ▶ Easy to move with minimum effort

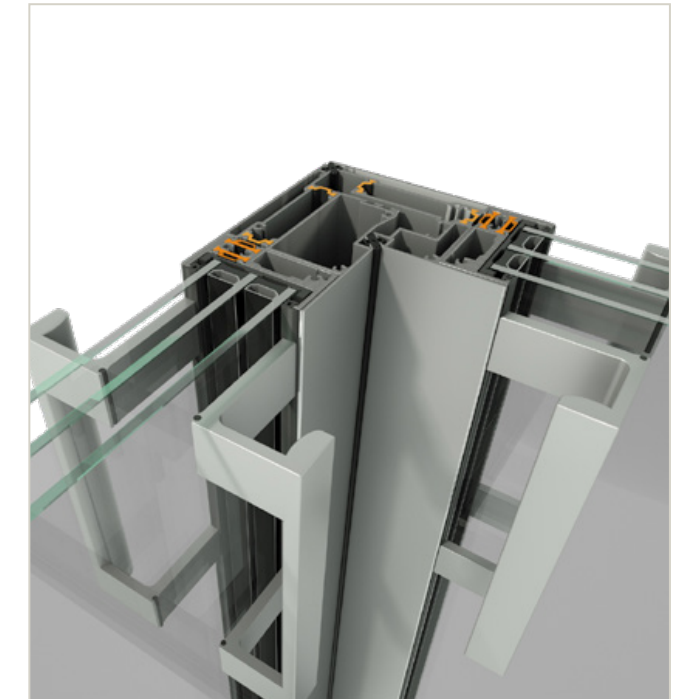

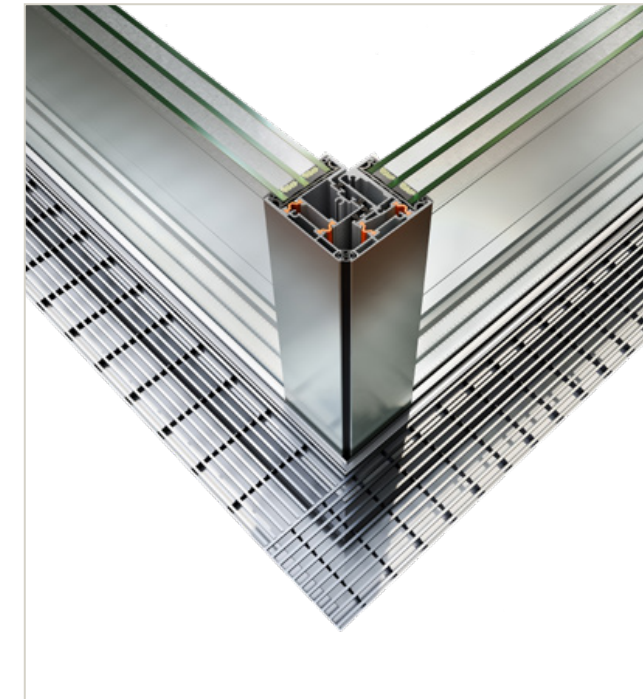

TRIPLE TRACK

- ▶ Three tracks 278mm deep
- ▶ With or without built in drainage
- ▶ Painted or Anodised Aluminium
- ▶ Double or triple glazing
- ▶ Up to 6 panels all moveable

MOVING CORNER

- ▶ Moving corner with no corner post
- ▶ Available on 2 or 3 track options
- ▶ With or without built in drainage
- ▶ Double or triple glazing
- ▶ Thermally Broken

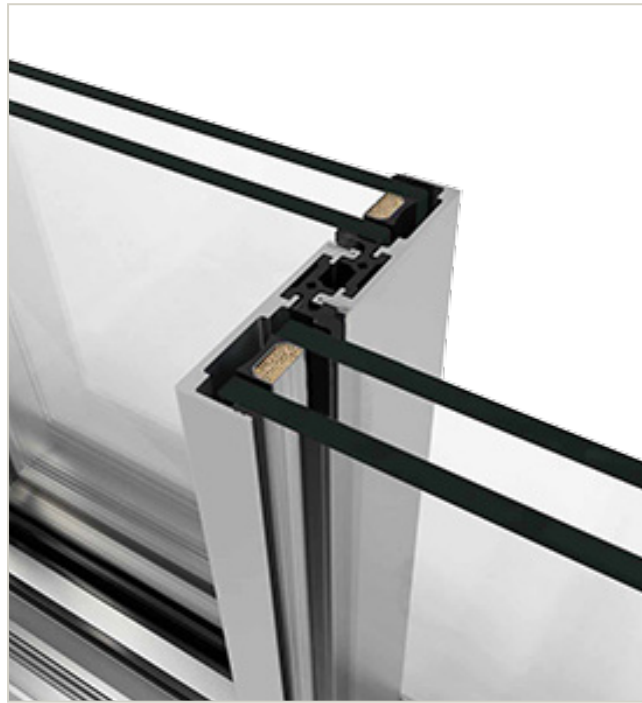

MINIMAL SLIDING DOORS

INTERLOCK & HIDDEN FRAMES ♦ PERFORMANCE ♦ TILED-IN TRACK

INTERLOCK & HIDDEN FRAMES

- ▶ 25mm Interlock
- ▶ External frames fully hidden is possible
- ▶ Up to 54mm Glazing capacity
- ▶ Up to 700Kgs Sash weight
- ▶ Manual or Motorised movement

PERFORMANCE

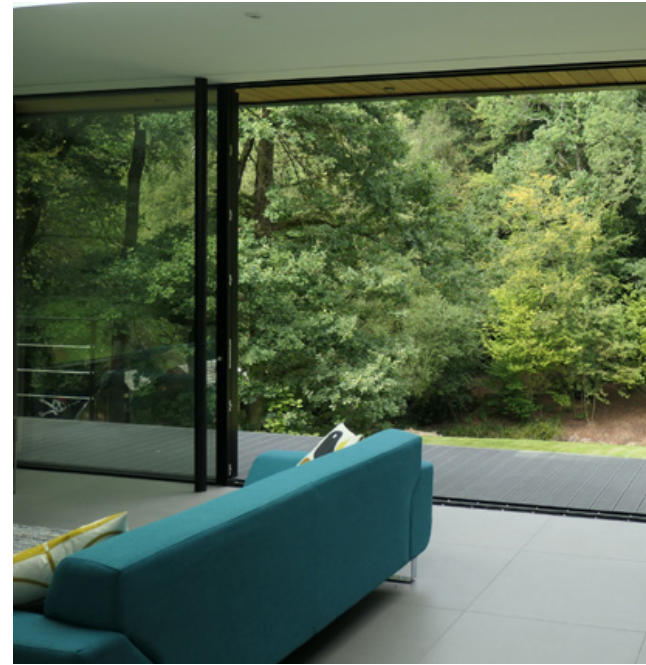

- ▶ U Value from 0.83w/m2K
- ▶ Acoustic up to 43dB
- ▶ RC2 Burglar resistance
- ▶ Class 4 Air permeability
- ▶ Class 9A Water-tightness

TILED-IN TRACK

- ▶ Innovative tiled in track solution
- ▶ Narrow slot with floor finish fitted in track
- ▶ Fully Weather-tested with built-in drainage

A modern building at dusk with large glass windows and a balcony. The building features a mix of dark horizontal slats and light-colored concrete. The interior is visible through the glass, showing a well-lit living space with a dining table, chairs, and a large beanbag chair. The sky is a deep blue, and the building's lights are on, creating a warm glow.
